

## WHAT'S IN THIS ACTION KIT?

Project Nourish is an initiative of Foursquare Disaster Relief (FDR) to help stop the starvation crisis in East Africa. Your involvement is critical. To start, review what's in this Action Kit. Then, download pieces for use at your local church ([or download the full Action Kit here](#)), and share this resource with your staff, leadership team or key volunteers.

**Teaching Resources: Elementary, Preschool, and Toddlers** – You know that it's never too early to teach our children that Jesus cares about those in need, and that even the youngest child in your ministry can be a part of the solution. So, we've created fun and educational lesson plans for all age groups.

**Starvation Awareness for Children** – Growing up in a nation with plenty of food, true starvation can be an abstract concept for most U.S. children. We've included this resource to help leaders and parents teach their children about the difficult reality of starvation.
